

## **Part one :-Reading(20 points)**

### **Read the following passage and then answer the questions that follow :-**

Today, I'm visiting a large Palestinian hospital to ask patients how their time there has helped them. And I want to find out how they feel about their experiences and about changes in their lives.

First, I talk to Mrs Amal Masri. She's leaving after a successful stomach operation, and I ask whether she was nervous before she had it. 'I was,' she explains, 'but then I realized that I must just trust my doctor and rely on God. Now I feel I must use my new life well.'

Next, I meet Samar and Anas Rammal. Samar's just become a mother – with twins who were safely born today. I ask if they get worried about the hard work ahead. 'Not really,' she says. 'Right now, we're just very pleased to have two beautiful, healthy babies.'

Finally, I see young Osama Yousifi. He lost his lower legs in an accident, and I ask whether he's managed to build a new life with this disability. 'It was hard at first,' he says, 'because I used to do a lot of sport. Without legs, it seemed I'd lost all that. But,' he continues, 'look at the new artificial legs that they've given me today. With these, I'll be faster than most other athletes. I'm really happy that I can live a normal life again!'

It's amazing, isn't it? There are so many ordinary people who are so brave, so strong and so full of hope and love. I'm proud to be a human being!
