3-Read the following passage then answer the questions below:

Some of the world's oldest cities were built in Palestine, and they were constructed with excellent stone. This building stone and also marble were cut by our ancestors from the Holy Land itself. Today, the stone industry remains very important: with its beautiful colours and excellent quality, Palestinian stone is often preferred by architects round the world.

Stone was not always produced as efficiently as it is now. In ancient times, it was very difficult to cut stone. Everything was done by hand, and it was slow, hard work. Now, however, technology has come to the rescue, and finished stone is produced very efficiently.
