2. When you accept the apology, you say.....(can I help you - I advise you- take it easy)

3. Reading (8 Marks)

A) Read the following Passage then answer the questions:

We cannot live without the sun's heat or the air that we breathe, but **these** givers of life can also become dangerous killers. Moreover, they can behave even more dangerously when they are combined with another great natural force: water. The largest and most destructive results of this are hurricanes. These huge storms can hit land so powerfully that they destroy everything in their path. Wind speeds are **118 kph** or more and they really are huge – as much as 800 kilometers across. Hurricanes are dangerous that everything possible is done to work out their speed and direction. A big hurricane can cause such great destruction that early warnings may save many lives. Information is therefore collected from space satellites, weather balloons and weather stations on land and at sea and forecasts have become very accurate.

A) Answer these questions:

- 1- How can givers of life become dangerous killers ?

.....

- 2- What kinds of disasters does the text mention ?

.....

The Listening text

Listen to the following passage, then answer questions below:

We were looking for the treasure of Captain Wild – a huge box full of coins and jewellery from 300 years ago. With the Captain's map, We flew over the land but close to the Pacific Ocean to the west. Below us was an empty desert that was covered with stones. To our east was a long wall of high snowy mountains. At last, we saw the river that our map showed. We landed on the beach beside the sea, and we jumped down from our small plane onto the sand.

Our treasure hunt began right there.
